Ist strand cDNA was primed with a Not1-oligo(dT) primer. Five prime end enriched, double-strand cDNA was digested with Not I and cloned into the Not I and EcoR V sites of the pCMVSPORT 6 vector. Library was normalized. Library was constructed by Life Technologies, a davision of Invitrogen. This sequence belongs to sequence cluster
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           ALSSS978 Homo sapiens HELA CELLS COT 25-NORMALIZED Homo sapiens CDNA Clone CSODK010XIII 5-PRIME, mRNA sequence.

Sequence 107, Application US/09030606

Patent No. 6887660

GENERAL INFORMATION:
APPLICANT: Xu, Jaingchun
APPLICANT: Dillon, Davin C.
TITLE OF INVENTION: COMPOUNDS FOR IMMUNODIAGNOSIS OF P.
NUMBER OF SEQUENCES: 224
CORRESPONDENCE ADDRESS:
ADDRESSEE: SEED and BERRY LLP
STATE: WA
COUNTRY: USA
ZIP: 98104
ZIP: 98104
COMPUTRY: USA
ZIP: 98104
ZIP: Patentin Release #1.0, Version #1.30
CUMPUTER: IBM PC compatible
COMPUTER: Patentin Release #1.0, Version #1.30
CUMPUTER: Patentin Release #1.0, Version #1.30
CUMPUTER: David: 25-FEB-1998
CUMBENT APPLICATION NUMBER: US/09/030,606
FILING DATE: 25-FEB-1998
CUMBENT APPLICATION NUMBER: US/09/030,606
FILING DATE: 25-FEB-1998
CUMBENT MAME: Maki, David J.
REGISTRATION NUMBER: 31,392
